Dear Friends

On behalf of patients, volunteers and staff of the Peace Hospice may I take this opportunity to Barnet & District Angling Club for continuing to support us with your gift of £150.

These are challenging times for the Hospice as the current economic climate continues to impact on our fundraising. However there are also good times to celebrate, none more so than the recent opening of our new extension by HRH Princess Michael of Kent. The new facilities have been funded courtesy of a grant from the Department of Health and two trusts and consists of 8 rooms for complementary therapy and counselling, a new family room for patients families who wish to stay here and a Starlight Room which will be used for our child bereavement project and ongoing training of our nursing staff.

We would not be able to continue providing all our services without the continued support of our local community . Your support is crucial to our work and we will remain forever grateful for this.

Once again many thanks and best wishes to you all

Yours sincerely

Gill Crowson
Community Fundraising Manager

President HRH Princess Michael of Kent
Chief Executive/Director of Patient Services Sue Plummer
